I have read the Policy information on the reverse of this form. I understand that the Internet can provide students with valuable learning experiences. I also understand that the Internet gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe (Name) _____ understands this responsibility and I hereby give my permission for him/her to access the Internet and an email account under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet and/or email access for some time.
